Evers, Y. J. (2020). *Chemsex among men who have sex with men: a public health and user perspective*. [Doctoral Thesis, Maastricht University]. Boekenplan. <https://doi.org/10.26481/dis.20201001ye>

Document status and date:

Published: 01/01/2020

DOI:

[10.26481/dis.20201001ye](https://doi.org/10.26481/dis.20201001ye)

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Stellingen behorende bij het proefschrift:

Chemsex among men who have sex with men: a public health and user perspective

1. Het gebruik van drugs en veilige seks gaan vaak niet hand in hand *(dit proefschrift)*.
2. Onderzoek en gezondheidszorg gericht op drugsgebruik en seksuele gezondheid is niet alleen belangrijk in grote steden maar ook daarbuiten *(dit proefschrift)*.
3. Niet alle chemseks is problematisch *(dit proefschrift)*.
4. Centra voor Seksuele Gezondheid spelen een belangrijke rol bij het identificeren van zorgbehoeften van mannen die chemseks hebben *(dit proefschrift)*.
5. Er zijn verschillende zorgbehoeften bij mannen die chemseks hebben: bij de meerderheid volstaat schadebeperking, bij een minderheid aanvullende mentale en verslavingszorg *(valorisatie)*.
6. Onderzoek naar risicogroepen is nodig voor het op maat maken van zorg, maar kan tegelijkertijd bijdragen aan stigmatisering.
7. A participatory approach is needed to answer relevant research questions for public health.
8. Condemnation without investigation is the height of ignorance *(Albert Einstein)*.
9. Look at situations from all angles, and you will become more open *(Dalai Lama)*.
10. Neem elke keer als je tegen de lamp loopt een beetje van het licht mee.
